Laptop Compartment Dimensions

Height: 14"
Width: 1 3/4"
Depth: 15"

EI-EC-16TDAC Lab Dimensions

Height: 38"
Width: 35"
Depth: 19 3/4"
Weight: Approx.* 141 lbs.

Laptop Compartment Dimensions

Height: 14"
Width: 1 3/4"
Depth: 15"

- Laptop compartment size can accommodate up to 17" screen laptops.
- Venting design allows for natural convective airflow to aid in cooling when the tambour door is closed and lateral airflow when the door is opened.
- Includes (2) 3" swivel foot brake casters and (2) 3" rigid casters.
- Consists of 18 gauge welded side panel assembly. The top, bottom and back of the cart are also constructed of 18 gauge steel.
- 100% of all painted steel components are powder coated finish; powder coating is the most environmentally safe coated available today.
- Available in a multitude of colors.

Power Strip

- A 16 outlet electrical power strip with 8' power cord for charging laptops.
- The power strip is designed to be installed on the bottom shelf of the cart.
- This is standard on both carts.

Warranty

Lifetime warranty on parts, limited 2 year warranty on tambour and electrical components. Warranty details are available upon request.

Tambour Door

- Manufactured of plastic and extruded from high strength, wear resistant thermo plastic. All doors include factory pretension spring-loaded mechanism for proper balance and movement of door. All doors have key locks. Locks are randomly keyed.
- Retractable tambour door design requires smaller footprint to open and close the door and provides easier access to store laptops than traditional hinged swinging doors.
- Tambour door secures via key lock at top of unit.
- Only available on the EI-EC-16TDAC

(*Actual weight determined by configuration of system)
