

EarthWalk presents the new **iPad Charging, Power, Storage and Protection Package**

Model DCPI05

Customize any cart or carrier for iPads:

- EarthWalk Carts and Carriers have the capacities to 8-48 iPads.
- Include additional iPad AC/DC converter, and USB to iPad cable integrated into each storage compartment which eliminates the need for installing and removing the iPad charger and cable.
- Provides full 2.1 AMP charging and power for every iPad.
- Features the new EarthWalk “iSoft” padded shelf liner system to help protect your iPads from accidental bumps and scratches.
