## CONFIGURATION OPTIONS

### Charging System Options

#### Standard AC Charging System

Includes a 16-outlet 120V/15A vertical power strip to keep your devices fully charged.

#### iCharge - Adapter-Free, USB Charging System

Select EarthWalk's iCharge system to provide an integrated USB charging system for your USB charged iPads or Tablet devices. iCharge delivers a Full 2.4A per port to simultaneously charge all of your USB devices as quickly as possible.

#### HE-Z - High Efficiency Charging System

This patented system provides the most energy-efficient and **easy** approach to charging groups of devices—**no AC adapters needed!** EarthWalk's High Efficiency (HE) charging integrates a central power supply and control circuit board system to distribute simultaneous power to every device with up to 85% more energy efficiency than charging with AC Adapters. HE-Z charging cables can be easily swapped when devices are changed or updated and this system also allows multiple brands of devices to be stored and charged in one cart/station/locker.

Key-locking top service access door

OPTIONAL: SS16W-Wallkit

### Lab Enhancement Options

- Pre-Wiring Services
- Data & Power Cables
- Cart Door Graphics
- Wall-Mount Kit

### Warranty

- 3-year warranty on parts & labor
