 Depth: 38 cm / 15"  
 Height: 25.4 cm / 10"

OPTIONAL: SS16W-Wallkit

Key-locking top service access door

## CONFIGURATION OPTIONS

### Charging Systems

#### AC Smart Bar

For budget-minded consumers, EarthWalk labs can be configured with AC power outlets in each storage compartment for use with each device's AC adapter. But this is no basic power bar: We have staggered the sockets in a zig-zag formation, ensuring that adapters will not block other sockets.

#### Pre-Wired Solutions for USB Type-C

The latest standard in charging portable devices, we can pre-wire your carts and stations with our certified USBC-PD adapters or you can supply us with your existing AC adapters—either way we'll take care of the wiring headache for you. Literally plug-n-play as soon as your order is delivered to you. Combine USB-C with our AC-SMART system and get managed charging power for all of your devices from a single power cord, quickly charging all devices and eliminating circuit overload.

#### iCharge—Powered USB Charging for iPads, Tablets or USB-C Devices

The iCharge solution features a high-efficiency central power supply system with ten USB 5V 2.4A charging ports. Additional iCharge systems can be daisy-chained to increase system capacities. Pre-installed USB, USB-C or Lightning data cables in each storage compartment make deployment and support convenient.

#### HE-PD—High Efficiency USBC-PD Charging System\*

HE-PD is a pre-wired USBC-PD charging solution featuring a high-efficiency central power supply system with six USBC-PD auto-sensing, multi voltage (5V,9V,12V,15V) charging ports. Additional HE-PD systems can be integrated to increase system capacities. Pre-installed USB-C or Lightning data cables in each storage compartment make deployment and support convenient.\*

### Customized Graphic Option Station Banner

The station can be personalized showing your school logo, slogan, mascot or subject-related graphics.

### Optional Device Sterilization Package CleanZone Sanitation

EarthWalk utilizes ozone technology to safely and efficiently kill germs, viruses and bacteria on all devices inside the cart. Decontamination is a quick cycle and there is no chemical residue: Ozone dissipates back to oxygen. Can fully sterilize up to 16 devices more efficiently than UV or chlorine/chemicals.

### Station Enhancement Options

- Pre-Wiring Services
- Data & Power Cables
- Custom Station Graphic
- Wall-Mount Kit

### Warranty

- 3-year warranty on parts & labor
