

EarthWalk iSync iPad Carts

FlexCart 16 & MiniMax 32

FLEXCART 16-iSYNC

Accommodates 16 users +
peripheral/accessory storage

MINIMAX 32-iSYNC

Accommodates 32 users
even with larger case/keyboard folio

The EarthWalk iSync 16 & 32 carts securely store, transport, charge and sync your iPads and automatically switch to a USB 2.0 mode for simultaneous syncing of all devices using iTunes with your Mac or PC. Constructed of durable solid-steel with welded joints, yet swivel wheels provide easy mobility.

Depth: 38.1 cm / 15"

Height: 5.1 cm / 2"

SPECIFICATIONS

Front USB ports

- The I-Sync cart packages feature integrated front USB ports for each storage compartment. This provides easy single-plug connection for your iPad cable.

iSoft

- EarthWalk's "iSoft" padded shelf liner system helps protect your iPads from accidental bumps and scratches. This padded, horizontal shelf design allows for proper storage for each device and avoids positioning iPads on their edge to help better protect your investment.

Top Master Sync Port

- The top of each I-Sync cart features a recessed USB "Master Sync" port to provide easy accessibility for your master Mac or PC unit.

System Requirements

- Mac or PC computer with USB 2.0 port
- Mac OS X v10.5.8 or later or Windows XP or later
- iTunes 9.1 or later (free downloads from <http://www.itunes.com/download>)
- iPad activation requires an iTunes Store account and internet access
- Please see <http://volume.itunes.apple.com> for information about volume licensing for iPad apps

Additional Specs

- Maximum AC draw of 6-12 amps while providing full DC power to each iPad
- All-steel construction with powder coat finish
- Key-locking front and rear doors
- Ships fully assembled
- 6" solid rubber wheels with total locking swivel casters

Warranty

- Lifetime warranty on metal and structural components
- 3-year warranty on electrical components
